

BAR MILL - AUBURN

Nucor Steel Auburn, Inc.

April 8, 2009

Dear Valued Customer:

Effective with shipments Thursday, April 9, 2009, the Raw Materials Surcharge (RMS) applicable to merchant bars and structural products will be \$0.00/cwt. due to the AMM Consumer Buying Price falling below the program's baseline. This represents a decrease of \$23/ton (\$1.15/cwt) when compared to our April 1, 2009 surcharge.

Product	Published Index (AMM)	Consumer Buying Price (Chicago)	Program Baseline	April 9, 2009 Surcharge / ton
Merchant Bar and Structural	Shredded Auto Scrap	\$155	\$162	n/a

In addition, we will decrease our base price for merchant bars and structural products by \$17/ton or \$.85/cwt.

The net effect of this move is that our transaction pricing will decrease \$40 per ton (\$2.00 cwt) for merchant bars and structural products.

Please note our RMS mechanism remains in effect and will be applicable when the AMM Consumer Buying Price goes above the program's baseline amount.

As always, we will monitor the marketplace and will respond accordingly by making adjustments to our base pricing in order to assure you of a competitively priced product.

If you have any questions, please contact your District Sales Manager or the mill direct at (800) 424-1494.

Nucor Steel Auburn thanks you for your business and appreciates your continued support and cooperation.

Sincerely,

Nucor-Auburn
Ted Jeske
Sales Manager
